CDL SAFETY SCHOOL CERTIFIED TO TEACH THE NSC PROFESSIONAL TRUCK DRIVER DEFENSIVE DRIVING COURSE

National Safety Council Member

Littleton, CO, July 1, 2015– CDL Safety School is now a recognized National Safety Council training facility authorized to administer this 4th Edition course to Colorado trucking companies. Produced by the National Safety Council, participants learn how to recognize both potential and immediate hazards, how to avoid collisions in a variety of driving conditions and how to choose safe and legal driving behaviors. This course addresses multiple defensive driving concepts and strategies. This course may be customized to take 4 or 6 or 8 hours and class sizes may range from 5 to 25 drivers.

This course provides proven defensive driving techniques that saves lives and helps reduce fleet expenses.

Drivers will learn:

1. How driver fatigue and stress effects operating a large CMV
2. How to identify physical and mental driver conditions that effect driving performance
3. Proper vehicle maintenance and inspection
4. How to deal with changing driving conditions and hazards
5. Safe following distances, how to deal with blind spots, lane management techniques and backing safely

Trucking companies that implement this course for all of their drivers may realize not only a reduction in incidences and accidents, but may qualify for lower insurance premiums. This is a nationally-recognized driver safety course.

CDL Safety School has other Safety Programs as well:

1. ProDriver Safety Certification© "Be a Pro. Drive Smart. Be safe." ©
2. CDL "Hire-Right" Program
3. Custom CMV Refresher Programs
4. Other CMV Programs
